# Understanding NFPA 101 Fire Alarm Requirements – 2012 Edition

AFAA023

- Review the format of NFPA 101, *Life Safety Code*
- Discuss the general fire alarm requirements
- Practical exercises
- Introduction and discussion of Codes and Standards
- Discuss Specific fire alarm requirements by occupancy type
- Discussion of fire alarm system requirements

## **COURSE OBJECTIVES**

This seminar is beneficial for designers of fire alarm systems, project managers or lead installers responsible for fire alarm systems and authorities having jurisdiction responsible for fire alarm system plan review and/or acceptance testing. Discussions of general and specific requirements for fire alarm systems and practical exercises intended to improve the participant's knowledge of how to use the building/fire codes for determining fire alarm requirements. This seminar is based upon the 2012 edition of NFPA 101.

7 Contact Hours Continuing Education - Participant must attend entire seminar to receive credit.

## **WHO SHOULD ATTEND**

Fire and Building Inspectors / Plan Reviewers / Contractors / Designers

## **MATERIAL YOU SHOULD BRING**

Notebook, Calculator, NFPA 101 2012

## **MATERIAL WE PROVIDE**

Student workbook

**IMPORTANT - YOU MUST BRING A COPY OF NFPA 101 2012 OR ORDER A COPY FROM US.**

**(If you are ordering from AFAA please place the order 2 weeks prior to the course start date)**

*CEU hours for Engineers- The Registered Continuing Education Providers Program (RCEP) is a single comprehensive education management system for engineers, surveyors, design professionals and quality education providers. Managed by the American Council of Engineering Companies.*

# **A USER'S GUIDE TO SIMPLIFYING NFPA 72 AND THE NEC** **AFAA034**

- Understanding the NICET CBT Process
- NFPA 72 Structure
- NEC Fire Alarm Wiring Requirements

- CBT Testing Tips
- Finding Information in NFPA 72 efficiently
- Sample Quizzes

## **COURSE OBJECTIVES**

In this interactive seminar, each participant will learn about the NICET Computer Based Testing (CBT) process, learn CBT testing tips and how to locate information in NFPA 72, 2016 more efficiently. In addition, the fire alarm wiring requirements of the 2014 NEC will be reviewed. NICET has updated the Fire Alarm Systems tests to these two codes, and this seminar is designed to prepare you to successfully obtain your certification. Sample quizzes will be given to use your new skills.

7 Contact Hours Continuing Education - Participant must attend entire seminar to receive credit.

## **WHO SHOULD ATTEND**

Individuals preparing to take a NICET Fire Alarm Systems test (any level)  
Fire and Building Inspectors / Plan Reviewers / Contractors / Designers

## **MATERIAL WE PROVIDE**

Student workbook / reference manual

## **MATERIALS YOU PROVIDE**

NFPA 72 2016

**IMPORTANT - YOU MUST BRING A COPY OF NFPA 72 2016 OR ORDER A COPY FROM US**

**(If you are ordering from AFAA please place the order 2 weeks prior to the course start date)**

***Attendees are encouraged, but not required, to bring a copy of NFPA 70 2014***
