AFAA Webinar Sponsorship

There are two ways someone can sponsor. You can sponsor a topic of our choosing or you could present something you have developed. The type of product you represent can be the subject as long as it is not company specific but is geared to the industry in general. Your company or product could be highlighted at the beginning and end of the presentation along with where someone might find additional information on the product/company.

Since we started offering free webinars they have been a huge success. We have had over 800 people register each month since November. In January we had almost 900. Registrants included building and fire officials, industry professionals, and equipment distributors.

Benefits of Sponsorship

- Company name and logo will appear on each notice of the upcoming webinar
- Company name and logo will appear on the notice published in the newsletter
- Logo or company name will appear on Facebook, Twitter, and multiple LinkedIn pages
- Logo will appear in the PowerPoint presentation for the webinar
- Company name will be mentioned by the facilitator at the beginning and end of the webinar
- All logos will be linked to the sponsor's website
- Logo and company name will remain on the recorded version of the webinar
- Sponsor will get a list of all registrants with contact information
- Logo will be on AFAA homepage and training page leading up to the webinar
